## Guidance Sheet

This is the sound to be taught.  
Remember to talk about how  
the letter appears when it is  
written.

The children can demonstrate  
their understanding of the  
caption to draw a picture.

A green word is a word that you can sound out  
(Fred Talk) for example, *c-a-t = cat*

A nonsense word is a word that you can sound  
out (Fred Talk) but it is not a real word,  
for example, *n-o-g = nog*

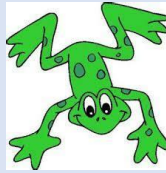

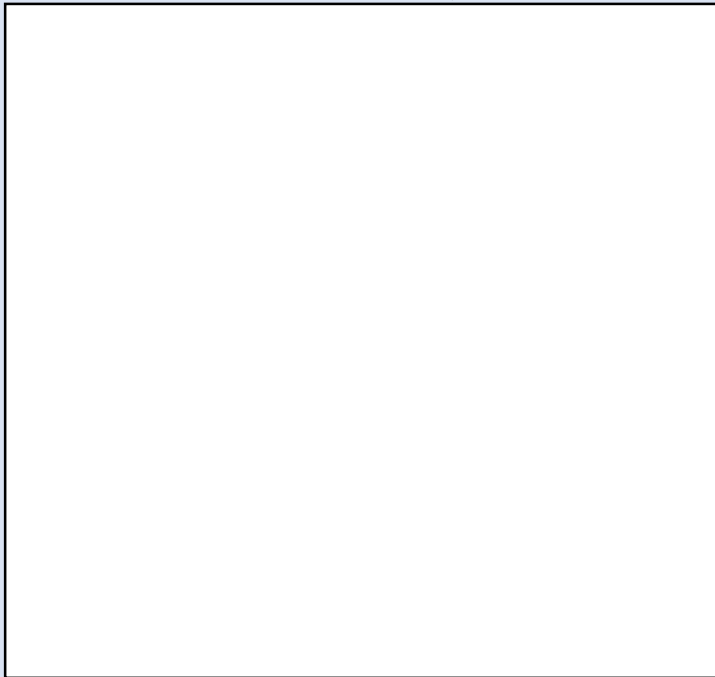

The caption is a way to help the children to  
remember the sound taught,  
for example 'y**awn** at d**awn**' = **aw**

This is a good opportunity for the children to  
practise writing the sound in a word.
