We follow the Ruth Miskin Read Write Inc Phonics Scheme

Guidance Sheet

This is the sound to be taught.
Remember to talk about how
the letter appears when it is
written.

The children can demonstrate
their understanding of the
caption to draw a picture.

A green word is a word that you can sound out
(Fred Talk) for example, *c-a-t = cat*

A nonsense word is a word that you can sound
out (Fred Talk) but it is not a real word,
for example, *n-o-g = nog*

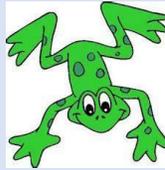

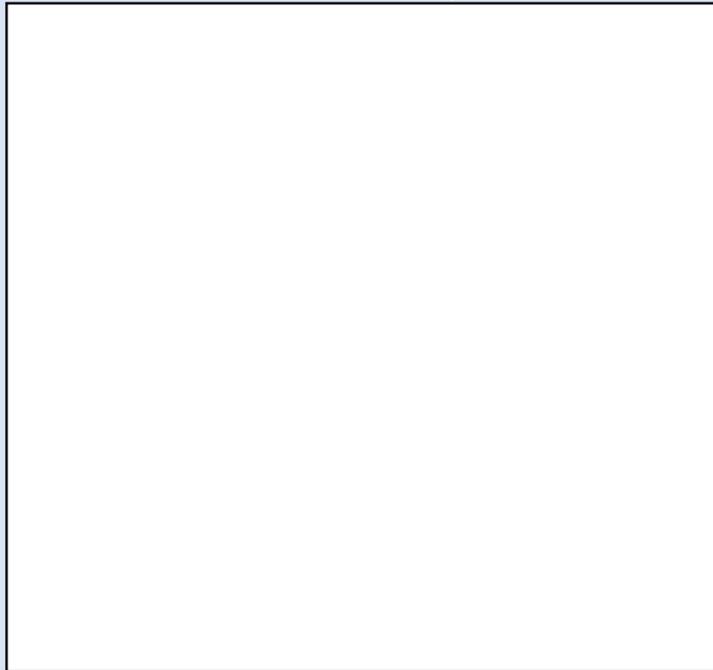

The caption is a way to help the children to
remember the sound taught,
for example 'may I play' = **ay**

This is a good opportunity for the children to
practise writing the sound in a word.
