Serpents deception

Adam and Eve disobey God and see the consequences

There was a man <sup>called</sup> Adam and he did everything God told him to do, he helped animals, plants and work so as a present He gave him a friend, a girl called Eve. Adam was so happy that they started helping each other but Eve had a servant and said "Eat from the tree of knowledge but she said that God said not to eat it" but Eve went to the tree of knowledge and ate it and Adam did it with her and they realised they were naked. They hid from God when he called them. ✓
